ACT	CUE	SCENE	TIME	LOCATION	AUTHOR'S DESCRIPTION	CHARACTERS	MY NOTES
	0.5						Standby
	0.6						Title
One	1			None	There once was an evil priest who did not fear God or man. His duties for the church included counting the offerings and ringing the bells to summon people to Mass. But his heart was filled with greed, and he began to take advantage of the good people of his parish.	Priest	Monologue, so I find some scary, horror and creep or low - brightness pics material to show the evil protagonist.
	2	1	Night	Hill	1.he killed a man and buried him with the chest so the murdered man's ghost would guard it 2.on a wide ledge overlooking the valley. Two trees guarded the spot.	Priest, murdered man	Night, spooky hill pics
	3	2	None	None	The evil priest planned to return to Spain with his ill-gotten treasure, but he fell ill with a fever a week before his ship was scheduled to leave. On his deathbed, the priest repented of his crime.	Priest, Confessor	There is no description of space in the script, but I think it's at home, but due to the priest is dying, I wanna find some abstract pics to suggest that his life is coming to an end
	4	3	Night	monastery gardens	Each night for a week, he took a shovel and dug in the monastery gardens, searching for the priest's treasure. He found nothing.	Sweeper	Dark blue environment monastery gardens

ACT	CUE	SCENE	TIME	LOCATION	AUTHOR'S DESCRIPTION	CHARACTERS	MY NOTES
Two	5	4	Night	On the way	Remembering the evil priest's last words, the sweeper felt sure that the mysterious ringing of the bells was for his ears alone, to lead him to the treasure.	Sweeper	The path between the valleys
	6	5	Night	Hill	He was on a wide ledge overlooking the valley. Two trees guarded the spot, and it was beside these trees that the glowing, ghostly church bells hovered.	Sweeper	Night, spooky hill pics
	7	6	Night	Hill	And that was when he heard the moaning...	Sweeper, Ghost	Although this is the same scene, it is the presence of a ghost, so the atmosphere should become scary and eerie
	8	7	Night	On the way	This scene is different from the fifth cue on the road, although it is the same road. At this time the atmosphere will be very tense, because there are ghosts chasing after	Sweeper	abstract pics of tension or excitement (perhaps a red or white color)
	9	8	Daylight	ledge in hill	When he reached the ledge, there was no sign of the skeleton, the chest of money, or the hole he had dug the night before. He found his shovel at the top of a tall tree whose first branches began nearly twenty feet above his head.	Sweeper	Nothing special...
	10	9	None	None	But he did use the gold coins to send his eldest son to school, and with the left-over change, he bought himself a new shovel.	Sweeper	It's kind of like happy ending. So the content of projection maybe warm color
	11	10	None	None			Black
